BOOSTER SERUM
with HYALURONIC ACID

FOR WHOM ?

Unisex - from 25 years old - All skin types

SKIN CONDITION
- Dehydrated skin
- "Tired" face
- Users of hyaluronic acid injections
- Oily skin looking for an "Oil Free" anti-aging care
= men (anti-aging after-shave), oily skin, humid climate...

LIFESTYLE
- Persons on a diet (hollow face)
- Stressed persons (contraction wrinkles)

THE EMERGENCY

At the age of 50, the skin has lost 50% of its hyaluronic acid.

MORE THAN A CARE, A DAILY ROUTINE!

Adopt it like the Air France cabin crew!

FOR WHAT ?   DOUBLE EFFECT !

REPULP effect = wrinkle filling care
MOISTURIZING & SMOOTHING effect = smooth out tired skin

BEFORE

AFTER

3D EFFECT !
4 different sizes* of pure hyaluronic acids to act on every skin layer.
* size = molecular weight

==> VERY HIGH WEIGHT: on the skin
==> HIGH WEIGHT: in the skin
==> MEDIUM WEIGHT: under the skin
==> LOW WEIGHT: deeply, under the skin

STORY

During a hyaluronic acid injection, a dermatologist got the idea of taking off a small quantity from the **syringe contents,** in order to apply it on the skin **before and after the injection.**

Then, the dermatologist gave the patient the injection capsule to apply it in order to continue the treatment at home.

After **24 months of clinical tests,** the Booster Serum was born, thanks to the brilliant intuition of a dermatologist!

WHAT IS UNIQUE !

HIGHEST DOSAGE IN THE WORLD !
In this bottle, the equivalent of **20 pure hyaluronic acid injections** !

1,6% of pure hyaluronic acid = 71,6% of hyaluronic acid gel => The highest concentration in the world!

DIRECTIONS FOR USE

HOW ? Dispense **2 to 6 drops** (based on needs) onto fingertips and apply to face, neck and cleavage. **Morning and/or evening.**

This Booster Serum may be used:
→ ALONE with no other skincare products
→ BEFORE your cream
→ MIXED with your cream

Tips:
No need to wait to apply makeup. **Fluff-free.**

COMPLEMENTARY PRODUCTS

- With the **Repulp Mask** = immediate **Repulp** effect
- With the **Repulp Cream** = lasting **Repulp** effect
